The Introduction.

The weighty part of our Monthly Meetin having been Deeply Senceable of the Great apoſtacy amongſt Friends (in thoſe parts) with regard to Chriſtian Diſcyploin as well as other things After having been long deeply Exerciſe on y^e account it pleaſed God in the Riches of his Goodneſs in ſome meaſure to make way for the Revival there off & to incorage the ſam by his Servants whome he ſent amongſt us.

We think it may not be amiss here Sum-marily to give an account of the Cauſe of our Apoſtacy & the maner of the beginnin of (as we hope) our Reformation or Revival of our Diſciploin.

When the Members of [illegible] monthly Mee began to be leſs zealous for the Diſciploin of the Ch than the Truth Required and the Exampl of our ancient Brethren Taught: they thro inadvertancy admitted thoſe to Sit in our month Meetings and other meetings of Diſciploin that w not Members thereof: Such perhaps as they were intimately acquainted with or Related too, The love to the Truth waxing Cold. Having began the Pra of Liberty they Continued in the ſame time af-ter time for a long time together Till at length any Body Sat that pleaſed & many of y^m we fear if they had been aſked why they Sat could have given no better Reaſon for it than that it

was

was Custommary and that other did to satisfy their Curiosity and therefore they sat. But wt is wors still it ended not here for those who we fear were lovers of pleasure more than God and not beng propperly introduced into membership prevailed to have others of the same Spirit brought into Membership after the same as they were those parhaps that were Relater to them or that they were acquainted With who it is to be feared were not sutably Qualifyed for the building up of the spiritual House Tho we beleive som of those thus introdused were worthy of Being members. thus was the Practice of Employing those in the Business of the Church (who were not members) introdused, and after being introduced increased to an unhapy length so that our meeting of Disciploin was mad up very much of Such who were not propperly introdused into membership insomuch yt they began to be very Burthensome For they often would Endevour to so order the matter as to have those of the same Spirit with themselves Employed in the business of the Church. It will therefore we suppose be easy for any Cencable Persons to imagine how affairs was maniged in this time of Confusion By this time such members as is before mentioned began to gro numerous & as they increased the concern and burthen of the upright and Faithful increased for some such there were who were for a long time very much Troubled & concerned to see trew Disciploin of the Church as well as the Worship of God so little understood and less Practiced & much perverted But saw no way for their Deliverance untill it pleased God to make way for them by inspiring some with Zeal & inabling them with tru Corage to Endevour the Revival of our Decayed Disciploin and to build again the wals yt were thrown down that we might no longer be Exposed to the wild beasts of tha forrests of this world

In order to a Revival of our Disciploin it was thought

thought neſceſſary that none ſhould set in any meetings of Diſciploin that were not in unity with Friends it was therefor thought neſceſſary to know who thoſe were that they might thereby know who to let Set & who to deſire to withdraw and then by puting thoſe things in practice our meetings of Diſciploin would Conſiſt only of thoſe that are members or in unity with Friends.

Furthermore after we have found & have underſtood who thoſe are amongue us that are in unity with Friends for our better Regulation and that we may be the better preſerved from Error and Confustion & be kept in the Good and even way to comply cloſtly & Strictly to the Rules of Diſciploin laid down by our ancient Brethren in ages paſt perticulerly Thoſe that follow.

Firſt, as it is thought ~~not~~ propper yt none ſhould ſet in meeting of Diſciploin but thoſe in unity ſo it is likewiſe thought neſceſſary that none fr mary amongue us but thoſe under friends Care

Secondly it is thought propper that none fro be thought or Eſteemed under Friends Care but thoſe yt have Come under Friends by Requeſt and thoe that Come under our Care by Birth that is thoſe who are Born of Beleiving parents Such as are under friends Care

Finally that we Deal impartially without hipocricy with all offender in the ſpirit meekneſs with moderation but not unneſceſſary Dely & be kinde & to another watching over one another for Good not Selfwilled nor ſoon angry But in all things walk as becomes the peaſable followers of Jeſus.

Dear Friends Under a sense of sorrow for my my former past Conduct I do confess that in the days of my youth for want of taking heed to the principle of light and grace in my heart I suffered myself to be led into evil company fre=quently where there was music and dancing which I am sorry for; and likewise in that time of darkness joined in separate meetings which I also condemn as believing it to be to the dishonor of Truth - and desire that friends would pass it by and receive me again as a member of your religious Society - from your

The substance of which is as follows that they have agreeable to appointment visited the several preparative meetings and it was their sense and judgment that Longplain preparative meeting appeared to be generally united in the Proposal, the friends which constitute the other two preparative meetings seemed the greater part of them to have a degree of unity with the same though a lesser number objected from a tender Concern & fear of suffering loss, yet most of these were willing to submit it to the direction of best wisdom & the pointings of Truth After Deliberate Consideration upon the above proposal of Longplain preparative meeting, it is with the concurrence of the womens meeting concluded to propose the same to the consideration of the Quarterly Meeting and as we wish not the same to take place if not consistent with best Wisdom, so we hope quietly to submit it to the judgment of the Quarterly Meeting as they may be influenced thereby.— The Clerk is directed to lay before our next Quarterly meeting a copy of this minute

10 The Letter from Providence monthly meeting Respecting ~~abig~~ Abigail Walker is as followeth

From our monthly Meeting of Friends held at Smithfield for Providence the 30th of 10th mo. 1793

To the monthly Meeting of Friends at ~~Smithfield~~ Sandwich

Dear Friends We have received your letter of the 4th of 7th mo 1793 and observe the Contents. — We think it best in Answer thereto to mention more particularly, that upon the receipt of your former letter upon the same subject, we appointed a Committee to labor with the gail Walker, agreeable to your desire, which Committee had several opportunities with her upon the matters complained of, her husband being invited and present, and after fully considering the matter, she so far gave them satisfaction, as the matters stated in your Letter, that they reported in favour of Receiving a Certificate in her behalf, if you thought proper to grant one, with which Report the meeting united, not doubting but that it would have been easy to you to grant one, upon our so signifying, unless you had some further light or evidence to communicate to us, respecting the matters complained of, in which Case we we informed you, that we should be ready to further consider thereof

your last expresses your opinion, that she cannot have a Certificate, and desire us to labor with her for the same matters mentioned in your former letter. We very well know Dear Friends, that it is with you to Grant a Certificate or not, and it was not otherwise than by your special desire that we undertook to labor with her, for the matters alledged against her, and if you did not mean to leave the matter of her suitableness to receive a Certificate to the judgment of this meeting, we conceive it was not best to request us so far to take your place, as to deal with her, on account of the inconvenience which might arise in Case of a difference of judgment. And especially as the Case now stands, it appears very improper for us, to deal with her for the same matters, concerning which this meeting has expressed to you they were satisfied that she have a Certificate, unless you had some further light to Communicate, as stated in our former letter. Having thus informed you how the matter stands, we have only to express further our desire that this Correspondence may terminate to mutual satisfaction, and if you have any thing more particular to Communicate, that you are desirous we might Act in before you give Abigail a Certificate, we shall be ready to attend to it, and Dear Friends we entreat that Charity may be sought after by you and us, and a harmonious disposition experienced to have matters accommodated agreeable to the mind of Truth. We are your friends brethren & sisters. Signed in & on behalf of the monthly Meeting by Wm Almy Clerk

4th The Committee to Consider of the letter from Providence monthly Meeting a letter to the aforesaid monthly meeting which was read approved and signed by the Clerk, who is directed to forward said letter to that meeting which is as followeth

From our monthly Meeting of Friends held at Falmouth for Sandwich the 14th of 9th mo 1795 to the Monthly Meeting of Friends at Providence

Dear Friends — We Received your communication dated 30th of 10th mo 1793 and notice the Contents — And Whereas you observed if we did not mean to have the matter of the suitableness of Abigail Walker

Walker to Receive a Certificate to your judgment it was not best for us to request you to labor with her, now Dear Friends what we look upon to be a plain breach of order according to our Discipline ~~and they~~ we thought would not be called in question, neither do we conceive how our Testimony can be preserved and Discipline maintained and that matter of Abigail spreading a scandalous Report about Weston Smith's Wife which she has not been able to support to our knowledge be passed over without an acknowledgement. Abigail's [illegible] we do not now call in question as we perceive by your letter she was present, but we cannot find by your or any other way that the ~~the~~ aforesaid aggrieved woman was ever satisfied. we wish Dear Friends agreeable to your entreaty that charity may be sought after and a harmonious disposition experienced to have matters accommodated, and we hope we wish no other but agreeable to the mind of Truth; but we are indeed brought to a straight, we have been known to be a people who have professed to maintain a Testimony against slandering or spreading of evil reports, now how we can be clear ~~also~~ of the above matter without an acknowledgement in a reputable way as becomes us as a people we wish you further to look into. We acknowledge your Readiness to comply with our desire in labouring with her, but we were far from thinking of your judging that her conduct as noticed to you by us did not require an acknowledgement in case she had a Certificate, which we looked upon to be a plain breach of order of such a nature as required a condemnation, not doubting you would have looked upon it in the same way. – had the above said Weston Smith's wife been required to have supported the above said ~~complaint~~ scandalous Report about her by evidence and could not done it without doubt we could readily sent a Certificate for ought on that account And as we wish not to be over scrupulous if you can point out any way for us whereby we can send a Certificate without a Condemnation from her, and be acting agreeable to our profession we hope to readily comply – We expected to abide and act by your judgment as reported to us ~~reported to us~~ with regard to her being in a disposition to make satisfaction for the complaint alledged against her but we cannot see how it was in your province to overlook the aforesaid complaint against her as it appears to us you did. – As we only desired Her said to condemn the spreading of said scandalous Report about the afore said woman which we think she might easily do and we are sensible would prevent much ~~scan~~ Censure coming on us as a people. – If you cannot see it your place further to interpose in our behalf we don't know but we may endeavor to comply with your proposal as it may not tend to much usefulness to hold the matter much longer in suspense, but this we believe as we have already said we shall incur much blame thereby as not acting agreeable to our profession. –

We wish with you that this correspondence may terminate to mutual satisfaction

573 tisfaction, as we have aimed to give you
a discriptive account of the reasons we
did not send a Certificate upon the receipt
of your first letter and why we thought
further ~~tale~~ labour necessary —
